## Year 2020: cancelled GOs / power consumption

# Accelerating Renewable Demand

source: EEX – 01/04/2022

\* production year

Changes to come in the French law:

- **Full production disclosure**  
⇒ no more double counting of nuclear energy
- **Pre-emption right for subsidized producers**  
⇒ more PPAs
- **Forward auctions**  
⇒ more liquidity for French GOs
- **CO<sub>2</sub> emission factor label on the GO**  
⇒ clear link between GOs and carbon footprint
- *No full consumption disclosure yet*
